Professional Summary

Results-driven B.Tech CSE (Data Science) graduate with hands-on experience building scalable full-stack applications using Java, Spring Boot, React.js, and REST APIs. Proven track record delivering production-grade systems with JWT authentication, role-based access control, MySQL/MongoDB databases, and Agile/Scrum methodologies. Strong foundation in OOPs, Data Structures & Algorithms (250+ LeetCode, 100+ GFG). Certified in Wipro Java Full Stack Development and UiPath RPA Advanced Professional. Seeking to contribute end-to-end development expertise to enterprise Java full-stack teams.

Key Skills

- **Languages:** Java, JavaScript, Python, HTML5, CSS3, SQL
- **Backend:** Spring Boot, Spring Security, Hibernate, REST API Design, JWT, Microservices
- **Frontend:** HTML, CSS, JavaScript, React.js, Tailwind CSS
- **Databases:** MySQL, MongoDB, Schema Design, Query Optimization
- **Tools:** Git, GitHub, Postman, IntelliJ, VS Code, Maven, CI/CD, Docker (basic)
- **Testing:** JUnit, Mockito, Unit Testing
- **Methodologies:** Agile, Scrum, SDLC, Code Reviews
- **RPA:** UiPath, RE-Framework, Process Automation

Professional Experience

CodeTech IT Solutions Pvt Ltd

Software Development Intern

Remote

Jul 2024 – Sep 2024

- Developed a responsive Weather Application using React.js, integrating third-party REST APIs to deliver real-time data with optimized frontend performance.
- Collaborated in a cross-functional Agile team to deliver a full-stack project under tight deadlines, ensuring code quality through peer reviews and iterative sprints.

Centelli India LLP

RPA Developer Intern

Panchkula, Haryana

Jan 2025 – May 2025

- Built an automated **Hotel Booking Invoice Processing System** using UiPath RE-Framework, implementing queue-based dispatcher-performer architecture.
- Reduced manual processing effort by **70%** through structured logging, exception handling, and reusable workflow modules.

Projects

SmartPOS – Point of Sale System

Spring Boot, React.js, MySQL, JWT, Spring Security

- Architected a secure POS application with **Spring Boot microservices**, implementing JWT authentication and role-based access control (Super Admin, Store Admin, Cashier).
- Designed MySQL database schemas for inventory, billing, and invoice modules; built REST APIs enabling real-time sales reporting and store-level tracking.

ResumeFlow AI – SaaS Resume Builder

React.js, Spring Boot, MongoDB, JWT, Cloudinary, Razorpay

- Developed a production-grade full-stack platform improving resume generation accuracy by 40% via real-time preview and structured templates.
- Implemented secure authentication with JWT + email verification, integrated Cloudinary for media uploads and Razorpay for payment processing.

Education

B.Tech in Computer Science & Engineering (Data Science) – Galgotias University, Greater Noida 2021 – 2025

CGPA: 7.45/10 — Coursework: Data Structures, DBMS, Operating Systems, Computer Networks, OOPs

Senior Secondary (Class XII) – Kendriya Vidyalaya No.1 AFS, Pathankot (CBSE) 2019 – 2020

Percentage: **76.4%** — Subjects: Physics, Chemistry, Mathematics, Computer Science, English

Secondary (Class X) – Kendriya Vidyalaya No.1 AFS, Pathankot (CBSE) 2017 – 2018

Percentage: **74%**

Certifications & Achievements

- Java Full Stack Web Development – Wipro Limited (Oct 2024)
- UiPath RPA Advanced Professional – UiPath Academy (Mar 2025)
- Solved 250+ problems on LeetCode and 100+ problems on GeeksforGeeks demonstrating strong DSA proficiency.
- Captained school Kabaddi team to regional silver medal showcasing leadership and teamwork.
